

# WE NEED YOUR HELP TO MAKE A DIFFERENCE FOR BETTER INTERNET!

---

## BE A PART OF THE BROADBAND INITIATIVE!

A digital divide exists in households throughout our communities – many of us lack internet access or have limited providers or options.

The #DeltaSpeedTest will give us data that isn't available anywhere else, which will help provide funding opportunities for our community. Help us fund broadband infrastructure improvements and build a stronger network by taking the 30-second test at [dra.gov/speedtest](http://dra.gov/speedtest)

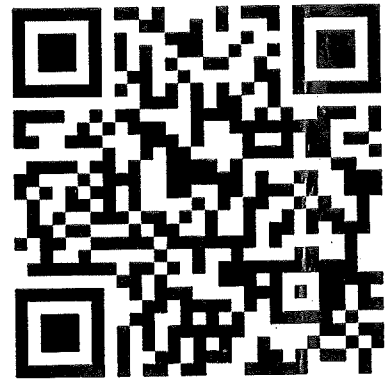

Or scan the QR Code below to take the quick 30-second test, and put yourself on the map for better broadband!

It's easy! ***USE THE LINK ABOVE or SCAN*** the code below from your home or business internet connection. Take the 30-second test!

It's that simple!

*\*And if you don't have Internet at home, you can type in the URL and check a box to share that data, too! Let's close the distance on the Digital Divide!*

*Help us map out Louisiana's strategy to get broadband for everyone in Louisiana!*
